

Tvary, které jsou spojeny čarou,  
vybarvěte stejnou barvou.

Vybarvěte všechny kruhy modře, trojúhelníky červeně, obdélníky žlutě a čtverce zeleně.

Pojmenujte jednotlivé tvary a vybarvěte je tak, aby řada logicky pokračovala.

Spojte jednotlivé tvary od největšího k nejmenšímu a vybarvěte je: kruhy červeně, obdélníky zeleně, čtverce žlutě a trojúhelníky modře.
